

I·M3 297 Venue

**A contemporary venue for
conferences & events**

G

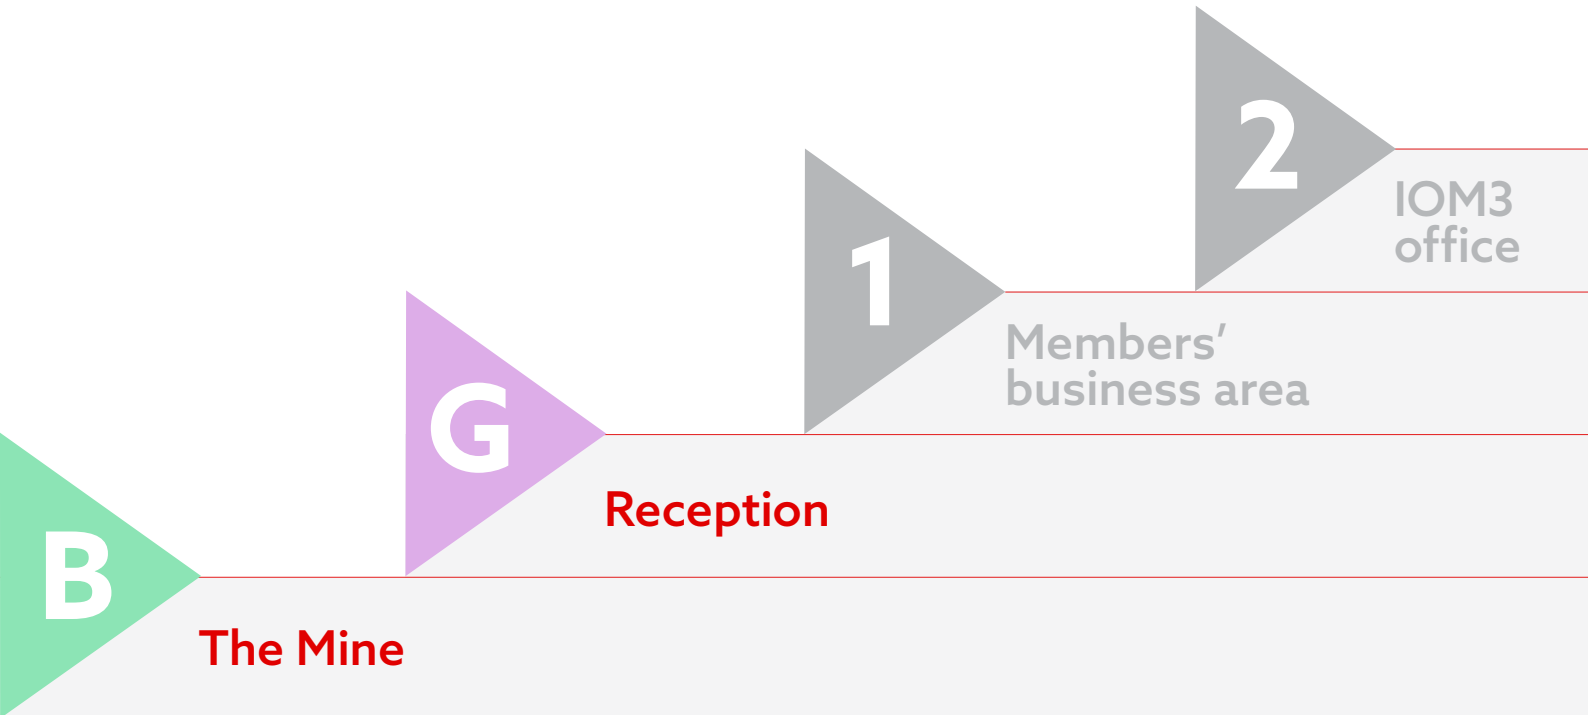

Welcome

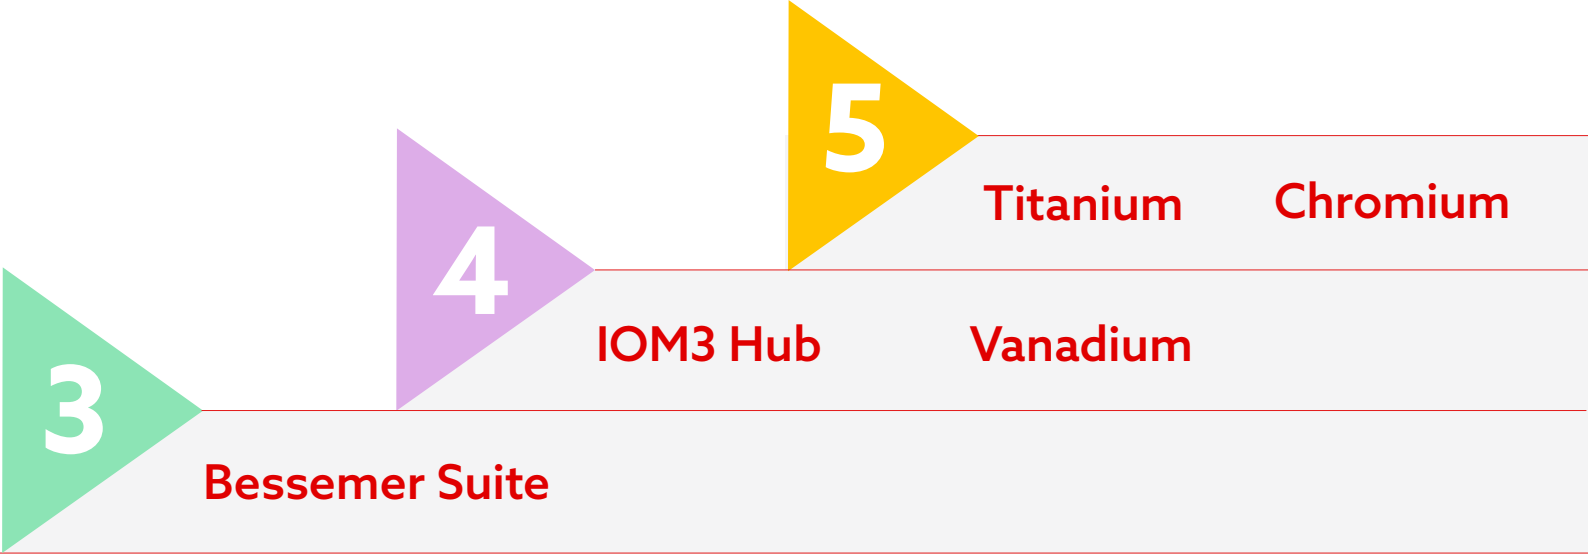

297 Euston Road, the headquarters of the Institute of Materials, Minerals & Mining (IOM3), offers hot desk solutions, as well as spaces to host meetings, events and functions. Situated in a bustling area of zone 1, the building fronts onto both Euston Road and Warren Street and is located within one minute's walk of Warren Street underground station, with exceptionally easy access to most of London's mainline railway stations, Eurostar, and future Crossrail and HS2 connections.

The building has been carefully redesigned to create unique and multifunctional spaces in a clean and contemporary setting. The rooms provide spaces for conferences and meetings and the impressive Bessemer Suite can be transformed into an events space to accommodate awards ceremonies and product launches.

With capacities ranging from 1 to 100, it is an ideal choice for those looking for an adaptable and impressive venue in the heart of the capital.

I.M3 297 Venue

Bessemer Suite

3

Ideal for conferences, exhibitions, board meetings and workshops, this space benefits from state-of-the-art audio visual equipment, including a 90" HD, LCD screen, two 55" HD, LCD repeater screens, hearing loop, lectern with microphone, PA system, hand held and lapel microphones. In contrast to its advanced technological capabilities, the room is steeped in the history of Sir Henry Bessemer and other notable scientific personages.

<u>Style</u>	<u>Capacity</u>
